

Public Scoping Comment Form

We need your input. Please take a few minutes to provide your comments or questions for the USDA RUS Federal review process and return your completed comment form today or mail by September 21, 2009. Thank you.

Which meeting did you attend? *None, because according to your post card we did not see any need to do so. Your postcard was misleading*
Please check the following issues that are important to you for transmission line siting.

- | | |
|---|--|
| <input type="checkbox"/> Project Purpose and Need | <input checked="" type="checkbox"/> Historic and Cultural Sites |
| <input checked="" type="checkbox"/> Visual / Aesthetic Resources | <input checked="" type="checkbox"/> Radio or Television Interference |
| <input checked="" type="checkbox"/> Proximity to Residences | <input checked="" type="checkbox"/> Noise |
| <input checked="" type="checkbox"/> Land Use (Agriculture, Residential, Recreation) | <input checked="" type="checkbox"/> Health and Safety ✓✓✓ |
| <input checked="" type="checkbox"/> Water Resources (Floodplains, River Crossings) | <input checked="" type="checkbox"/> Biological Resources |
| <input type="checkbox"/> Other: _____ | |

If you own property in one of the proposed corridors, please indicate all the existing uses of your property below:

- | | | |
|--------------------------------------|---|--|
| <input type="checkbox"/> Agriculture | <input checked="" type="checkbox"/> Residential | <input type="checkbox"/> Conservation Easement |
| <input type="checkbox"/> Commercial | <input type="checkbox"/> Industrial | <input type="checkbox"/> Other: _____ |

Please provide your comments on the proposed project in the space provided below:

I-330-001

We are retired health professional with some health issues that caused us to move to Hatchet Ranch. We are at the stage of our lives that we will not be able to move. We are educated in the health field and are aware of the damages of a project like this. We are not against progress but at the same time we do not believe that the progress should justify damages for the sake of making money for some.

Originally we were going to build our house on the other side of property close to the corner that you will be crossing. Although the site had better views, was much cheaper to build on we decided against it because of the presence of the electric posts and wiring which is a lot less harmful than what you plan to install. This shows you how strongly we feel and how much we dislike the idea.

I-330-002

What you are doing will cause a great deal of health hazard, lowering property values, damaging the land scope etc.

I-330-003

If you use the area around the railroad track it might be more costly to you, but you will have much happier and more cooperative neighbors at the Hatchet Ranch, you destroy less homes and you show more humanity and less greed.

Esfandiar Safayan MD
Zinat Safayan RN BSN MSN

I-330-001: Electrical Characteristics (In Review)

Your email/letter/comment form has been received and your comment noted. Electrical characteristics of the proposed project and mitigation measures will be addressed in the Environmental Impact Statement. The Environmental Impact Statement is anticipated to be completed in late 2010 and will be available at <http://www.usda.gov/rus/water/ees/ea.htm>.

I-330-002: Environmental Consequences (In Review)

Your email/letter/comment form has been received and your comment noted. Potential environmental consequences and mitigation measures from the proposed project will be addressed in the Environmental Impact Statement. The Environmental Impact Statement is anticipated to be completed in late 2010 and will be available at <http://www.usda.gov/rus/water/ees/ea.htm>.

I-330-003: Route Refinement > Calumet-Comanche (In Review)

Your email/letter/comment form has been received and your comment noted. Route refinement for the proposed project and mitigation measures will be addressed in the Environmental Impact Statement. The Environmental Impact Statement is anticipated to be completed in late 2010 and will be available at <http://www.usda.gov/rus/water/ees/ea.htm>.
